

NORTHERN TRUST ASSET MANAGEMENT

THE EURO LIQUIDITY FUND

INVESTMENT OBJECTIVE

The objective of the Fund is to achieve a return in line with prevailing money market rates by investing in high quality short-term fixed income or adjustable rate securities denominated in the base currency of the Fund whilst aiming to preserve capital consistent with such rates and to maintain a high degree of liquidity.

The Fund is a Short Term Low-Volatility Net Asset Value (LVNAV) Money Market Fund as defined by the EU Money Market Funds Regulations

The Fund invests in high quality short-term government and corporate bonds as well as cash deposits and debt instruments issued by financial institutions.

All securities in which the Fund invests will be denominated in Euros and at the time of purchase have a minimum credit rating of A2/P1 by Moody's credit rating agency or an equivalent rating from another agency and will have a maximum maturity of 397 days. The Fund may enter into repurchase and reverse repurchase agreements to achieve its objective and to reduce risk, minimise costs or generate additional capital or income.

Target Market: This fund is appropriate for Investors who are looking for an actively managed investment and who plan to invest over a short to medium term.

The Fund takes a flexible approach, investing across different bond markets and currencies to take advantage of specific investment opportunities. The fund has the freedom to adjust the fund's sensitivity to interest rate movements, bond exposures and currency exposures.
