Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ A portion of each distribution listed in the attached statement is a non-dividend distribution commonly referred to as a non-taxable return of capital. A return of capital occurs when all or a portion of a distribution exceeds the earning and profits available for distribution.

See statement attached for details.

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ The portion of each distribution that is a non-taxable return of capital reduces the shareholder's cost basis in their shares of the Issuer on which the distribution was paid.

See statement attached for details.

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ Issuer's computation of earnings and profits for the year ended March 31, 2016 was completed on May 23 2016. The Issuer's current and accumulated earnings were compared to distributions listed in the attached statement paid during the year ended March 31, 2016. The non-taxable return of capital is the amount of each distribution listed in the attached statement and paid during the taxable year ended March 31, 2016 in excess of the Issuer's current and accumulated earnings and profits.

See statement attached for details.
